

Ag Leader SMS Advanced Training

Thank you for enrolling in the SMS Advanced training course. This 1 day course is designed to expand your SMS knowledge and make you more efficient with the software. This course is an excellent place to connect with your peers who also use the SMS software in their operations. To help us plan the most customized training possible, we would like you to take the time to fill out the questions below, and submit your answers before the course begins. We look forward to seeing you in class!

Please download this form, complete and click Submit to email to Ag Leader Training.

1. What is your primary business focus, i.e. equipment/precision ag dealership, Co-op, Crop consultant, Farmer?

2. How many years have you used the SMS Software?

3. Why did you choose to attend this course and what are your primary goals in coming to training?

4. What tools do you currently use most often in the SMS Software?

5. What tools would you like to learn more about and what areas do you currently spend a lot of time working in that you feel you could be more efficient?

6. How do you prefer to learn –

- Lecture style where the instructor shows you how to perform different tasks
- Classroom style where the instructor shows you and you follow along with the steps on your own work station
- Self-study where the instructor presents you with a list of tasks and you work through the steps independently
- Group discussions where all instructors and attendees work together to solve problems
- Combination of different styles- what are those styles?

7. Other comments/questions:

Regards,

A handwritten signature in black ink, appearing to read "Jessica Ahrens". The signature is fluid and cursive, with the first name "Jessica" and last name "Ahrens" clearly distinguishable.
